Design Projects

E-Commerce Mobile App Redesign

Personal Project — 2024

- Redesigned e-commerce mobile interface with focus on streamlined navigation, reducing checkout steps from 5 to 3
- Developed high-fidelity interactive prototypes in Figma spanning 15+ screens with micro-interactions
- Created cohesive design system with reusable components ensuring visual consistency

Restaurant Booking Website UI

Personal Project — 2024

- Designed fully responsive website from low-fidelity wireframes to polished high-fidelity mockups
- Established comprehensive style guide including typography scale, color palette, spacing system, and component library
- Applied accessibility best practices including WCAG-compliant color contrast ratios

Fitness Tracker Dashboard Concept

Personal Project — 2024

- Designed data-rich dashboard with focus on information hierarchy and scannable layouts based on user personas

Certifications & Training

- **UI/UX Design Self-Learning** – Ongoing via online platforms, design communities (Dribbble, Behance), and YouTube
- **Diploma in Financial Accounting (DFA)** – 1 Year — Tally ERP 9 & Prime (GST billing, financial reporting)

Key Strengths

- Creative problem-solving with strong attention to detail and aesthetic sense
- Quick learner adaptable to new tools, methodologies, and collaborative environments
- Proficient in MS Office Suite, Google Workspace, and professional communication
